Accredited Qualifications

e-Eliesha Accredited Qualifications

Eliesha's accredited e-learning qualification portfolio is constantly under review and is regularly enhanced to reflect best practice and changes in the qualification standards. Our professional management and leadership qualifications are accredited by the Chartered Management Institute and the Institute of Leadership and Management, and are efficiently delivered 24/7 by our Learning Management System.

Our learners can access an increasing number of innovatively structured Leadership and Management e-learning qualifications, accredited at levels 2 to 5, offering Award and Certificate qualifications.

Dedicated support is provided by our Accredited Centre which oversees the accreditation process for every learner, from registration to certification, dealing with the awarding bodies, learners, associate staff and other departments within the organisation. Our learners are supported by access to comprehensive and innovative online resources. Further support is provided by dedicated tutors, who can be contacted by email and online to ensure our learners successfully complete their qualification.

Our e-Eliesha Accredited Qualifications can be offered individually or can be included within a blended programme approach, incorporating the Eliesha Distance Learning College's full range of accredited programmes (300 modules are available), traditional face to face workshops (1,000 course subjects are covered) and our e-Eliesha Certificated CPD Awards (70 currently available). Further information is available from our website.
